Re: Proposal

Dear Pat,

The Philosophy Department has asked me to communicate to you the following proposal:

The Philosophy Department would be happy to receive you as your home department with the rank of tenured associate professor contingent upon the university's providing normal support for such a position and that the Philosophy Department's budget and faculty positions not be negatively affected by this action. The Philosophy Department would not object if some of your teaching were done in other departments or programs, nor would the Philosophy Department object if a joint appointment were arranged. The Philosophy Department makes this proposal in the hope of contributing to an equitable resolution of a long standing dispute. The Philosophy Department makes this proposal as a result of its extraordinary meeting held today, 26 June 2006.
